

# CAH A48 LOCKER ROOM

CALLAHEAD Corporation has been in business since 1976. We are a New York family-owned business that only serves the New York area to ensure the highest quality and standards for our customers. We are the experts in the field and the greatest in the industry. The CAH A48 LOCKER ROOM is designed and manufactured by CALLAHEAD, and guaranteed to impress. Designed by the award-winning builder and designer Charles W. Howard, President and CEO of CALLAHEAD. The CAH A48 LOCKER ROOM is an extraordinarily designed locker room that will stand out and add value to any location. Constructed of premium quality materials and manufactured by CALLAHEAD with marine-grade products for superior strength. The massive interior includes nine individual full-length lockers, cushion bench seating, full-length mirror, and coat and hat hooks, all within a climate-controlled unit that can be delivered just about anywhere. The CAH A48 LOCKER ROOM is a perfect rental for construction sites, emergency locations, athletic fields, country clubs, schools, pools, beaches, medical facilities, military locations, campsites and just about any area needing locker facilities. Additionally, CALLAHEAD's CAH A48 LOCKER ROOM is available in several color choices to allow our customers to select the perfect option for their location, adding to its value.

Construction workers consistently work with dangerous materials and chemicals that contaminate work clothes. The CAH A48 LOCKER ROOM will provide construction crews with a place to safely secure personal property and remove soiled work clothes at the end of their shift. Medical workers would also appreciate a place to change out of scrubs worn while working with injured and sick patients at pop-up hospitals or medical facilities in need of more locker rooms for staff. The CAH A48 LOCKER ROOM was built using only premium heavy-duty materials and will look spectacular in any location. A steel commercial fireproof door is durable for any job site. The door includes a key lock entry and an internal locking system for privacy. CALLAHEAD New York specialty-designed signage represents the absolute best in the field.

The CAH A48 LOCKER ROOM is constructed of high-density polyethylene marine-grade plastic. Marine grade diamond plate aluminum and built-in marine grade stainless steel fasteners with durability and quality, you can see. CAH A48 LOCKER ROOM is available in white, blue, red, gray, brown, yellow, green, dolphin gray, steel blue, and orange. A color matching the location's setting will look as if the CAH A48 LOCKER ROOM was built especially for you. Examples include the CAH A48 LOCKER ROOM at a school, pool, or beach, CALLAHEAD recommends a blue locker room. As for the job site, CALLAHEAD's preferred choice is an orange CAH A48 LOCKER ROOM since it goes so well with construction equipment and will stand out as another layer of safety equipment. Red would be the perfect choice at a firehouse or a fire rescue location. Green is an ideal match for parks and residential areas. In comparison, brown goes well at a mechanic shop and gas station. Schools and universities can even select a CAH A48 LOCKER ROOM to match their team colors.

Selecting the perfect color along with the CAH A48's polished aluminum finish will look incredible. In addition, the ornamental design of various metals with diamond plates makes the CAH A48 LOCKER ROOM stand out like nothing ever designed.

CAH A48 LOCKER ROOM's interior is as impressive as the exterior. The enormous interior includes nine full length individual standing lockers. Each locker stands 5' 6" tall and includes a shelf and a coat and hat hook. The locker can be secured with an individual padlock to safely hold personal items for peace of mind. The bench seating has a vinyl cushion top for comfort and durability. Four coat and hat hooks are available to hang personal items. The full-length mirror is wall mounting. There is also a four-way electrical outlet to plug in a phone or other electrical equipment. A pull chain light fixture will provide plenty of light inside the locker room. The interior walls match the locker room's exterior color. Faux wood Armstrong flooring brings a homelike style to the interior design. A Stelpro 1500 Watt fan forced wall heater will keep the inside nice and warm during New York's colder winter months. A 13,000 BTU Dometic overhead A/C unit will provide comfort throughout the hot summer months.

CALLAHEAD's CAH A48 LOCKER ROOM is not just for construction. Schools, sports fields, disaster relief, seasonal locations, country clubs, film, television and movie sets, concert venues, marathons, pop-up hospitals, disaster relief, golf courses, tennis courts, hockey and ice rinks, and the list goes on and on where the CAH A48 is the perfect rental solution. The CAH A48 LOCKER ROOM provides storage of personal property for sporting events so athletes can safely secure clothing and change into clean and dry clothing after a game. Likewise, bridge, sewer, and tunnel construction workers can remove contaminated clothing before getting into their vehicles to drive home to their families after a hard day at the job site.

The CAH A48 LOCKER ROOM is a CALLAHEAD innovation unavailable anywhere else. Only CALLAHEAD develops equipment utilizing the highest quality materials to supply our clients with incredible value with every rental. The CAH A48 LOCKER ROOM is available throughout New York City's five boroughs of Brooklyn, Queens, Staten Island, Manhattan, and the Bronx, as well as all of Westchester, Nassau, and Suffolk Counties. ## CAH A48 LOCKER ROOM OPTIONAL ACCESSORIES TO RENT:

For added convenience, we are proud to offer the below list of optional accessory items to your CAH A48 LOCKER ROOM. All of CALLAHEAD's rental accessories were selected to provide comfort, security and the utmost sanitary conditions. CALLAHEAD's accessory items are unmatched in the portable sanitation industry and include:

Antiseptic Dispenser installed inside the CAH A48 LOCKER ROOM filled with our waterless hand sanitizer. Our waterless hand sanitizer kills 99.9% of germs and bacteria and meets OSHA and Health Department requirements. The antiseptic dispenser is perfect for sanitary protection for yourself and those you come in contact with. The antiseptic dispenser supplies approximately 900 – 1300 uses and is 100% maintained and refilled when needed by CALLAHEAD with its rental • GoJo Hand Cleaning Dispenser installed inside the CAH A48 LOCKER ROOM and filled with the #1 heavy duty GoJo hand cleaner. GoJo hand cleaner is popular among auto mechanics for its ability to easily break down grease and grime. GoJo Hand Cleaner has become popular with construction workers and contractors to remove acids, cement and other solvents from hands. 100% maintained and refilled when needed by CALLAHEAD with its rental • Paper Towel Dispenser installed inside the CAH A48 rental and filled with 250 sheets of double fold paper towels. The Paper Towel Dispenser is most commonly rented with the Antiseptic Dispenser or Go Jo Hand Cleaner to clean off any dirt or solvents that are otherwise hard to remove. Paper Towel Dispenser is maintained and refilled 100% by CALLAHEAD with its rental • Headmist Time Released Air Freshener installed inside the CAH A48 LOCKER ROOM that will release a fresh clean scent automatically. The Headmist is refilled when needed and 100% maintained by CALLAHEAD with its rental
