

CAH A25

STORAGE SHED

The CAH A25 STORAGE SHED is another amazing design by award-winning builder and designer and President and CEO Charles W. Howard exclusively for CALLAHEAD. The CAH A25 STORAGE SHED delivers a stunning architecturally designed portable storage unit to any location. Manufactured by CALLAHEAD, the CAH A25 STORAGE SHED is one-of-a-kind that will add value to any site. CALLAHEAD's CAH A25 STORAGE SHED will accommodate your portable storage needs while looking incredible. It is constructed of the highest quality equipment using only marine grade materials for strength to secure valuables. The attractive exterior will look impressive in front of any location, while it's visibly strong, durable construction keeps personal assets locked up safe and secure.

The CAH A25 STORAGE SHED keeps your expensive tools, sports equipment, and other valuables closest to where you need them while also keeping them stored away from inclement weather conditions and secured from damage or theft. The CAH A25 STORAGE SHED has a commercial steel fireproof door and a full heavy-duty lock across the door to provide maximum protection for your valuables. In addition, the door has a key lock entry and an internal locking system.

Inside the CAH A25 STORAGE SHED is just as impressive as its exterior design. The roomy interior offers three spacious levels of shelving constructed of marine-grade materials for strength. The shelves are an L-shape installed on two walls to provide the most storage space inside the unit. The floor area beneath the shelves can also be utilized for storage. There is generous open floor space to organize, add, and retrieve supplies comfortably. The trim throughout the interior is a polished diamond plate aluminum with stainless steel fasteners. The interior walls match the exterior color. Faux wood Armstrong flooring adds to the storage sheds stylish design. A Braun 1600 Watt fan forced wall heater will keep you comfortable during New York's colder winter months and protect property from inclement weather. The interior is entirely weather-tight to safeguard valuables. In addition, a 2-way electrical outlet and a porcelain pull chain light fixture are wall-mounted for plenty of light inside the storage shed.

The CAH A25 STORAGE SHED is a convenient solution to keep things organized during construction and renovations while looking incredible in any location. It is the perfect storage unit to protect valuables from the outside elements and debris or even for storing equipment used during the job to stay easily accessible. There is no need to go to a storage facility with the CAH A25 STORAGE SHED. With CALLAHEAD's CAH A25 STORAGE SHED, the storage unit is delivered directly to you and placed anywhere you select.

High-rise buildings, tunnels, bridges, and road construction need the CAH A25 STORAGE SHED to keep the job site more efficient. Rather than traveling back and forth with equipment, worrying about theft, damage and weather, having CAH A25 STORAGE SHED located on the job with supplies will make for a more productive job site. As an added convenience with just one phone call, CALLAHEAD's CAH A25 STORAGE SHED can be easily relocated from job-site to job-site to follow construction crews. The CAH A25 STORAGE SHED is the perfect solution to provide a secure and weather-tight portable storage unit to any area.

CALLAHEAD's CAH A25 STORAGE SHED is not just for construction jobs. Schools and universities benefit from the CAH A25 STORAGE SHED to keep their sports equipment and supplies by the field for easy and convenient access. Private houses and estates are also popular rental locations for the CAH A25 STORAGE SHED. Perhaps you need storage for valuables and don't have enough space in your attic, garage, or basement. Maybe you need extra storage for seasonal pool equipment, or you are painting and remodeling your home. The CAH A25 STORAGE SHED will keep your personal property well protected, close to home, with no need to travel back and forth to a storage unit when you want or need something. CAH A25 STORAGE SHED can be delivered outside your home quickly and professionally.

For businesses undergoing office space renovations or just need extra storage space for retail store inventory, important documents or office supplies, the CAH A25 STORAGE SHED has you covered. The CAH A25 STORAGE SHED delivers an architecturally designed portable storage unit that adds value to any location. Seasonal locations, pools, beaches, golf courses, country clubs, and marinas also use the CAH A25 STORAGE SHED rental to secure equipment on-site close to where you need it. So, pool and beach supplies, fishing poles, sports equipment, boating supplies, or other personal property stored inside the CAH A25 will stay protected. You will eliminate stress and save time and money with the CAH A25 STORAGE SHED rental keeping your property safe and secure.

The CAH A25 STORAGE SHED is a CALLAHEAD invention by Charles W. Howard, manufactured by CALLAHEAD, and unavailable anywhere else.
