

HEADMIST®

Introduced to the Portable Sanitation Industry by **CALLAHEAD®**

CALLAHEAD is renowned for providing the highest quality equipment and service to our clients as well as offering the largest selection of superior accessory items. Our mission statement, "*To Develop and Evolve a Human Necessity,*" means assuring our customer's portable sanitation equipment is the most up to date equipment available beyond all others. Presenting the **HEADMIST**, **CALLAHEAD's** odor control system is a first for the portable sanitation industry and an essential odor control product for any public restroom. The **HEADMIST** is designed to keep your restroom smelling clean and fresh eliminating unpleasant odors from previous users assuring every visit to a **CALLAHEAD** portable toilette is a pleasant one. The **HEADMIST**, installed in your portable restroom will automatically release a fresh scent to dissolve any unpleasant odors for every user and will forever change the outlook of using a portable toilette. The **HEADMIST** system is enclosed in a durable plastic casing with an attractive white and gray design complete with **CALLAHEAD's** signature navy blue signage. Even otherwise skeptical users of portable toilettes will use a **CALLAHEAD** portable toilette due to the **HEADMIST's** clean fresh scent. Because the **HEADMIST** system is 100% maintained by **CALLAHEAD** you will always be confident of a fresh smelling unit. A **HEADMIST** on your job site or special event will make for happier employees and guests because your restroom facilities are not only clean but smell clean. A restroom either public or private is one of the hardest places to remove odors no matter how clean and sanitary due to odors of previous users. Automatic odor control systems have been used in top hotels, restaurants and other public restrooms across the country to eliminate intolerable odors for years and **CALLAHEAD** is excited to be the first company to offer this system to the portable sanitation industry. Covering up to 6,000 square feet of space you are rest assured the **HEADMIST** can handle the job for the best smelling portable toilette available. **CALLAHEAD** is constantly out in the field gaining knowledge from our clients on what they expect and deserve from their portable restroom experience. We understand the top concerns are sanitation, cleanliness and odor control when using a public restroom and **CALLAHEAD** is the only company in our field to address all of them. When your job site or special event requires portable sanitation equipment there is only one company that can offer the highest quality equipment, service and accessories, **CALLAHEAD**.
