

THE MOBILE URINAL

CALLAHEAD has been in business serving New York's construction industry and special events with the largest selection of portable restrooms since 1976. Since every portable bathroom need is different, CALLAHEAD understands having many choices is a must to find the perfect restroom option. CALLAHEAD has added yet another portable bathroom option to our long list of equipment with the MOBILE URINAL for both long-term and short-term rental needs.

This is an excellent addition to our already extensive list of portable toilet options to ensure every customer has the perfect solution for their location. Whether you require portable toilets for the construction site or an event, many times more than one restroom is necessary. However, not all locations have the needed space for several portable toilets or are easily accessible with a standard porta potty.

The MOBILE URINAL is a valuable addition to place behind portable toilets, walls, bushes or in a corner to assist with bathroom overflow or alone if only men on the job-site.

The MOBILE URINAL will not only offer additional bathroom facilities, but it is also excellent for hard to reach locations and tight spaces such as high-rise building, tunnel, and bridge construction sites.

CALLAHEAD®

NEW YORK

The MOBILE URINAL is durable and also lightweight. Because it is on rubber tread wheels and has a rear handle, the MOBILE URINAL can be easily moved from one location to another. The MOBILE URINAL has an 11-gallon holding tank and weighs only 109 pounds when full making it extremely convenient. Urine drops into the holding tank and remains out of sight for the next user. Constructed of durable polyethylene, the steel gray color, and smooth surfaces wipe easily clean.

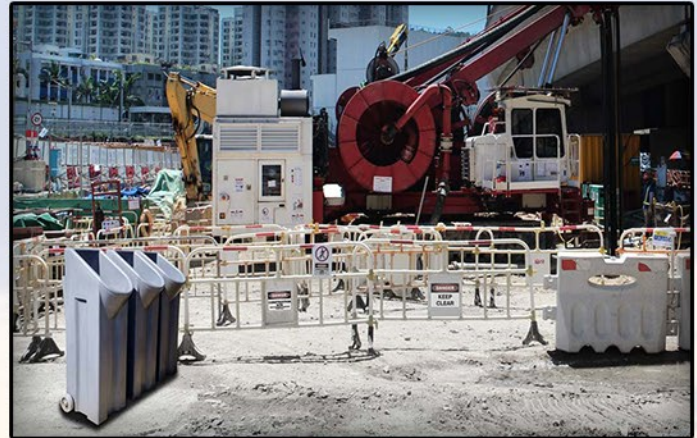

The MOBILE URINAL's compact size of 15½ inches wide and 35 inches tall offers unparalleled convenience. High-rise construction jobs will benefit from adding the MOBILE URINAL on each floor or high floors of the job-site saving valuable work time by eliminating the need for travel time to and from restroom facilities. For special events, the MOBILE URINAL will assist in bathroom flow at marathons, fund raisers, beer and wine festivals or any location where alcohol is served. It is also an excellent rental for locations such as, marinas, beaches, pools, bars, and restaurants to offer patrons' bathroom options to eliminate outdoor urinating which can be common with long bathroom lines.

CALLAHEAD is consistently developing new innovative equipment to advance the portable sanitation industry. We pride ourselves in supplying New York job sites and special events the largest selection and world's greatest portable restroom equipment for any bathroom need. CALLAHEAD's MOBILE URINAL is available for same day delivery by one of our professional uniformed specialists to New York City's five boroughs of Brooklyn, Queens, Manhattan, Staten Island and the Bronx, and all of Westchester, Nassau, and Suffolk Counties to Montauk Point. With every long-term MOBILE URINAL rental CALLAHEAD includes our weekly cleaning service. We also have additional clean service options tailored to your request. At each service, the MOBILE URINAL will be cleaned by our trained uniform service technicians using only hospital grade cleaners and disinfectants for sanitary protection.
