SAFETY HEAD

Another CALLAHEAD revolutionary design, the SAFETY HEAD long term portable toilet rental for construction. It does more than just provide the utmost sanitary full sized porta potty.

The SAFETY HEAD is designed and stand out to provide job site safety adding value to New York construction sites. From its bright orange coloring, to its specialty designed reflective CALLAHEAD New York signage, people will immediately take notice of the SAFETY HEAD at the job site. The vivid orange exterior is designed with yellow, white and red safety reflectors throughout to make this the ideal portable toilet rental for highway, road, tunnel and bridge construction jobs.

The SAFETY HEAD is often placed on top of construction vehicles following construction crews along highway, bridge and tunnel construction jobs. This construction porta john rental saves valuable work time by eliminating the travel time to and from the portable restroom facilities at the job site. Its fluorescent orange color and reflective design creates the ultimate port a potty rental for job site safety for evening and overnight construction jobs.

The SAFETY HEAD is also equipped with a steel lifting hoist that easily attaches to a crane making it an excellent portable toilet rental for high rise construction jobs too. The SAFETY HEAD port a potty can be lifted safely and securely to any floor of a building, across the water onto a ship or barge or conveniently lowered underground. New York Airports are another popular rental location for the SAFETY HEAD portable toilet, where security and safety is the highest priority.

The SAFETY HEAD portable restroom rental was designed to match perfectly with construction safety equipment such as safety cones, vests, signs and hard hats. The SAFETY HEAD at the job site will have a positive impact on the public, your employees and your clients. The SAFETY HEAD looks incredible and shows that safety is a job site priority in conjunction with providing the most hygienic portable toilet for your workers sanitary protection.

The SAFETY HEAD portable toilet is constructed of high density polyethylene for superior durability. The interior is extremely spacious with a full sized comfortable toilet seat and a filled covered toilet paper dispenser. The extra-large open cavity tank can hold 70 gallons allowing for heavy usage at the construction site. The separate non splash urinal is located at the furthest point from the toilet seat away from user's direct site. The urinal is also connected to a vent pipe preventing any odors from lingering inside the porta potty. The portable toilet's steel gray smooth interior wipes easily clean and won't absorb any odors for maximum sanitation and comfort.

The SAFETY HEAD port a potty has an interior lockable door which displays the exterior occupancy sign for added privacy. There is also a coat and hat hook on the interior door for convenience. The portable toilet's chimney stack along with combination floor and ceiling molded in wall vents will release any odors from previous users quickly and provide comfortable air flow inside the porta john. The SAFETY HEAD's bright white translucent roof will also provide plenty of natural light inside the port a potty.

THE SAFETY HEAD OPTIONAL ACCESSORIES TO RENT:

For added convenience, we are proud to offer the below list of optional accessory items with your SAFETY HEAD port a john rental. All of CALLAHEAD's rental accessories for portable toilets were selected to give construction workers and contractors the same comforts and hygienic protection as if they were using an indoor restroom. CALLAHEAD's portable restroom accessory items are unmatched in the portable toilet industry and include:

-Antiseptic Dispenser can be installed inside your SAFETY HEAD port a san filled with our waterless hand sanitizer. Our waterless hand sanitizer kills 99.9% of germs and bacteria and meets OSHA and Health Department requirements. The antiseptic dispenser is perfect for sanitary protection before and after using a porta potty. The antiseptic dispenser supplies approximately 900 - 1300 uses and is 100% maintained and refilled when needed by CALLAHEAD with its rental

-GoJo Hand Cleaning Dispenser can be installed inside the SAFETY HEAD portajohn and filled with the #1 heavy duty GoJo hand cleaner. GoJo hand cleaner is popular among auto mechanics for its ability to easily break down grease and grime. GoJo Hand Cleaner has become popular with construction workers and contractors to remove acids, cement and other solvents from hands. 100% maintained and refilled when needed by CALLAHEAD with its rental

-Paper Towel Dispenser can be installed inside your SAFETY HEAD port a potty rental and filled with 250 sheets of double fold paper towels. The Paper Towel Dispenser is most commonly rented with the Antiseptic Dispenser or Go Jo Hand Cleaner to clean off any dirt or solvents that are otherwise hard to remove. Paper Towel Dispenser is maintained and refilled 100% by CALLAHEAD with its rental

-Headliner Toilet Seat Cover Dispenser can be installed inside the SAFETY HEAD portapotty filled with 250 toilet seat covers so every user may have a clean, dry and sanitary toilet seat. Headliners are refilled when needed and 100% maintained by CALLAHEAD when rented

-Headmist Time Released Air Freshener can be installed inside the SAFETY HEAD port a john that will release a clean fresh scent automatically. The Headmist is refilled when needed and 100% maintained by CALLAHEAD with its rental

-Containment Tray is highly recommended to accompany every portable toilet rental to assist in meeting local, state, and federal run-off regulations. Any fluids that may leak from the porta potty will conveniently drain towards the rear of the tray to a pump out location for our uniformed service technician to remove when servicing the portable toilet.

The SAFETY HEAD guarantees to provide your job-site the highest value for its rental. All of CALLAHEAD's portable toilets arrive at the job site in like new condition. Each cleaning service is conducted by a trained uniform service technician using only hospital grade cleaners and disinfectants.

At every cleaning service CALLAHEAD technician will sign in and date the sign in sheet installed in every one of our long term portable restroom for added peace of mind. We have like new service vehicles and shiny tank trucks that are cleaned daily and serviced regularly. The SAFETY HEAD will provide the greatest portable toilet service with the priceless addition of job site safety.

The SAFETY HEAD is available for same day delivery. CALLAHEAD services all of New York City's five boroughs of Manhattan, Brooklyn, Queens, Bronx and Staten Island, Westchester County and all of Long Island's Nassau and Suffolk Counties to Montauk Point.

CALLAHEAD has been in business since 1976 supplying New York construction sites with the best portable sanitation equipment and service in the industry. Don't risk using anything other than a CALLAHEAD NY for all of your portable sanitation needs.

The SAFETY HEAD was designed by CALLAHEAD to supply New York job sites the best portable toilet experience while putting in protective additions to eliminate accidents at the job site. Only CALLAHEAD is continually developing new and innovative ways to advance and protect our customers. Delivering sanitary protection with CALLAHEAD's highly acclaimed hospital grade cleaning service and offering the largest selection of portable restrooms to accommodate any long-term outdoor restroom need.
