

# The Waterloo

*Exclusively by* CALLAHEAD

The **WATERLOO** is a CALLAHEAD revolutionary private portable restroom that will provide homelike bathroom comfort at the jobsite. The **WATERLOO** is a long-term portable toilet, a first, and unlike any other portable restroom ever created. This is an entirely self-contained system that was designed from the operating system to the structural exterior and traditional homelike interior by CALLAHEAD's own President and CEO Charles W. Howard. When you step inside the **WATERLOO**, you will think you stepped inside a home restroom, with a flush porcelain toilet, porcelain urinal and interior lighting that requires absolutely no electric supply or running water to operate. It is the perfect portable toilet rental for long-term construction, car lots, and boat yards. The **WATERLOO** portable restroom is an excellent choice for just about any long-term rental where you want the best portable toilet facilities and do not have an electrical hook-up available.

The **WATERLOO** was constructed using the highest quality materials including high-density polyethylene marine grade plastic and marine grade aluminum. Available in multiple color sections of blue, white, dolphin gray, orange and green to give you the best option for your location. The exteriors marine grade aluminum corner moldings, base moldings, and aluminum panels deliver an extraordinary design. The **WATERLOO'S** marine grade diamond plate aluminum, and built-in marine grade stainless steel fasteners demonstrates the durability of this state of the art portable restroom. A self-closing aluminum door displays the CALLAHEAD brand signage on the exterior to represent the best brand in portable sanitation. With a key lock entry that is also equipped with an interior locking system guarantees every user privacy.

When you step inside the **WATERLOO**, you will forget you entered a portable toilet at the construction site. As soon as you open the door, the built-in motion detectors will automatically illuminate two of the nine battery operated lights to supply plenty of light inside the restroom. Because only two of the lights are only utilized at a time, you will be assured of extended battery life. The **WATERLOO**'s interior has faux statuary marble walls with white painted wood base moldings, chair rail moldings, crown moldings and corner moldings. The white wood wainscot ceiling is equipped with six battery operated motion sensing lights. The three battery operated wall sconces and Armstrong faux mosaic marble floor adds to the traditional home restroom design.

The **WATERLOO**'s porcelain toilet bowl has a handle plump flushing system that has been utilized in the marine industry on yachts for over 80 years. Next to the porcelain toilet is a brushed nickel toilet paper dispenser. Also available is a Sloan porcelain waterless urinal with a special built-in filter system to eliminate any odor causing issues. A built-in Georgia Pacific hand sanitizer dispenser in a beautiful splash blue color is mounted above the shelf and conveniently located directly across from the porcelain toilet bowl. Two mirrors, also wall mounted, are above the toilet bowl and urinal, and the other is on the opposite wall above the convenience shelf.

The **WATERLOO** is a self-contained restroom with a built-in freshwater supply and completely separate waste water holding tank. Since the **WATERLOO** is also extremely well insulated, it operates perfectly in temperatures as low as twenty degrees below zero to handle the coldest New York winter months. The **WATERLOO** portable restroom is designed and manufactured by CALLAHEAD to deliver homelike bathroom comfort anywhere you want. Because it is a CALLAHEAD exclusive, and a first ever in the portable sanitation industry, the **WATERLOO** is unavailable anywhere else in the world.

The **WATERLOO** portable toilet is available for same day delivery throughout New York City's five boroughs, Westchester and all of Nassau and Suffolk Counties. With every long-term **WATERLOO** rental, CALLAHEAD offers our unsurpassed cleaning services daily, weekly, monthly or a cleaning service tailored to your specific needs. A uniformed service technician will clean and sanitize the **WATERLOO** with only hospital grade cleaners and disinfectants, and restock your restroom with supplies at every cleaning service. A CALLAHEAD sign in sheet is installed on every long-term portable toilet rental, so you know exactly when your **WATERLOO** is serviced for added peace of mind.

## OPTIONAL ACCESSORIES TO RENT

For added convenience, we are proud to offer the below list of optional accessory items with your **WATERLOO** portajohn rental. All of **CALLAHEAD's** rental accessories for portable toilets were selected to deliver the same comforts and hygienic protection as if you were using a home bathroom. **CALLAHEAD's** portable restroom accessory items are unparalleled in the portable toilet industry and include:
